Attachment B
Section V Certifications

With respect to itself, Motorola Solutions, Inc. ("MSI") certifies on knowledge and belief after due inquiry that the following are true: V.B.3.a through e. MSI, however, provides further clarification below regarding V.B.3b through e. With respect to non-MSI entities listed in Section II.B.1, MSI certifies on knowledge and belief after due inquiry all subsections in Section V to be true.

B.3.b. MSI is a Fortune 500 company with billions of dollars in annual sales globally, employing thousands of workers worldwide and having tens of thousands of shareholders. As is normal for such companies, MSI and its subsidiaries have been a party to hundreds of civil lawsuits in past years. Those suits have made many different legal and factual claims and have put forward many alleged legal theories seeking damages or other legal relief against MSI. MSI does not maintain a detailed history of such cases or their outcomes, nor does it maintain a listing of all allegations made therein, and therefore cannot provide the same. As a publicly traded company, however, MSI files an annual report Form 10-K with the SEC and describes therein certain litigation that is material for disclosure under SEC rules. A copy of the cover page and of the relevant "Legal Proceedings" section of MSI's most recently filed 10-K will be provided to the City upon request. Since the 10-K contains only such litigation as is material for public disclosure under SEC rules, it may not list all litigation with which MSI or its subsidiaries are presently involved.

B.3.c. MSI is a Fortune 500 company with billions of dollars in annual sales globally, employing thousands of workers worldwide and having tens of thousands of shareholders. As is normal for such companies, MSI and its subsidiaries have been a party to hundreds of civil lawsuits in past years. Those suits have made many different legal and factual claims and have put forward many alleged legal theories seeking damages or other legal relief against MSI. MSI does not maintain a detailed history of such cases or their outcomes, nor does it maintain a listing of all allegations made therein, and therefore cannot provide the same. As a publicly traded company, however, MSI files an annual report Form 10-K with the SEC and describes therein certain litigation that is material for disclosure under SEC rules. A copy of the cover page and of the relevant "Legal Proceedings" section of MSI's most recently filed 10-K will be provided to the City upon request. Since the 10-K contains only such litigation as is material for public disclosure under SEC rules, it may not list all litigation with which MSI or its subsidiaries are presently involved.

B.3.d. & e. Considering the sales volume of MSI, instances may occur in the ordinary course of business where disputes with customers, including governmental agencies, are raised concerning contract performance. To its best knowledge and belief after due inquiry, MSI is not aware of any termination for cause or default against it by a governmental agency or court of competent jurisdiction within the past five (5) years.

B.3.e. MSI is a Fortune 500 company with billions of dollars in annual sales globally, employing thousands of workers worldwide and having tens of thousands of shareholders. As is normal for such companies, MSI and its subsidiaries have been a party to hundreds of civil lawsuits in past years. Those suits have made many different legal and factual claims and have put forward many alleged legal theories seeking damages or other legal relief against MSI. MSI does not maintain a detailed history of such cases or their outcomes, nor does it maintain a listing of all allegations made therein, and therefore cannot provide the same. As a publicly traded company, however, MSI files an annual report Form 10-K with the SEC and describes therein certain litigation that is material for disclosure under SEC rules. A copy of the cover page and of the relevant "Legal Proceedings" section of MSI's most recently filed 10-K will be provided to the City upon request. Since the 10-K contains only such litigation as is material for public disclosure under SEC rules, it may not list all litigation with which MSI or its subsidiaries are presently involved.

Notes to the Condensed Consolidated Financial Statements
(unaudited)

BlackRock, Inc. (together, with its subsidiaries, unless the context otherwise indicates, “BlackRock” or the “Company”) is a leading publicly traded investment management firm providing a broad range of investment and risk management services to institutional and retail clients worldwide.

BlackRock’s diverse platform of active (alpha) and index (beta) investment strategies across asset classes enables the Company to tailor investment outcomes and asset allocation solutions for clients. BlackRock also offers an investment and risk management technology platform, *Aladdin*[®], risk analytics, advisory and technology services and solutions to a broad base of institutional and wealth management investors.

At June 30, 2017, The PNC Financial Services Group, Inc. (“PNC”) held 21.3% of the Company’s voting common stock and 21.8% of the Company’s capital stock, which includes outstanding common and nonvoting preferred stock.

2. Significant Accounting Policies

Basis of Presentation. These condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) and include the accounts of the Company and its controlled subsidiaries. Noncontrolling interests on the condensed consolidated statements of financial condition represents the portion of consolidated sponsored investment funds in which the Company does not have direct equity ownership. Accounts and transactions between consolidated entities have been eliminated.

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expense during the reporting periods. Actual results could differ from those estimates.

Certain financial information that normally is included in annual financial statements, including certain financial statement footnotes, is not required for interim reporting purposes and has been condensed or omitted herein. These condensed consolidated financial statements should be read in conjunction with the Company’s consolidated financial statements and notes related thereto included in the Company’s Annual Report on Form 10-K for the year ended December 31, 2016, which was filed with the Securities and Exchange Commission (“SEC”) on February 28, 2017 (“2016 Form 10-K”).

The interim financial information at June 30, 2017 and for the three and six months ended June 30, 2017 and 2016 is unaudited. However, in the opinion of management, the interim information includes all normal recurring adjustments necessary for the fair presentation of the Company’s results for the periods presented. The results of operations for interim periods are not necessarily indicative of results to be expected for the full year.

Certain items previously reported have been reclassified to conform to the current year presentation. Beginning with the first quarter of 2017, *Aladdin* revenue previously reported within “*BlackRock Solutions*[®] and advisory” has been presented within “Technology and risk management revenue” on the condensed consolidated statements of income. The remaining previously reported “*BlackRock Solutions* and advisory” revenue is currently reported as part of “Advisory and other revenue.” The prior period amounts reported for *BlackRock Solutions* and advisory for the three and six months ended June 30, 2016 have been reclassified to conform to the current presentation.

Accounting Pronouncements Adopted in the Six Months Ended June 30, 2017.

Accounting for Share-Based Payments. In March 2016, the Financial Accounting Standards Board (“FASB”) issued ASU 2016-09, *Improvements to Employee Share-Based Payment Accounting* (“ASU 2016-09”). ASU 2016-09 simplifies accounting for employee share-based payment transactions, including the accounting for income taxes, forfeitures, and statutory tax withholding requirements, as well as classification in the condensed

consolidated statements of cash flows. The Company adopted ASU 2016-09 as of January 1, 2017. ASU 2016-09 requires all

excess tax benefits and deficiencies to be recognized in income tax expense on the condensed consolidated statements of income. Accordingly, the Company recorded a discrete income tax benefit of \$81 million during the three months ended March 31, 2017 for vested restricted stock units where the grant date stock price was lower than the vesting date stock price. The new guidance will increase the volatility of income tax expense as a result of fluctuations in the Company's stock price. Upon adoption, the Company elected to account for forfeitures as they occur, which did not have a material impact on the condensed consolidated financial statements. In addition, the Company elected to present excess tax benefits and deficiencies prospectively in operating activities on the condensed consolidated statements of cash flows.

Fair Value Measurements.

Hierarchy of Fair Value Inputs. The Company uses a fair value hierarchy that prioritizes inputs to valuation approaches used to measure fair value. The fair value hierarchy gives the highest priority to quoted prices (unadjusted) in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. Assets and liabilities measured and reported at fair value are classified and disclosed in one of the following categories:

Level 1 Inputs:

Quoted prices (unadjusted) in active markets for identical assets or liabilities at the reporting date.

- Level 1 assets may include listed mutual funds, ETFs, listed equities and certain exchange-traded derivatives.

Level 2 Inputs:

Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; quotes from pricing services or brokers for which the Company can determine that orderly transactions took place at the quoted price or that the inputs used to arrive at the price are observable; and inputs other than quoted prices that are observable, such as models or other valuation methodologies.

- Level 2 assets may include debt securities, investments in CLOs, short-term floating-rate notes, asset-backed securities, securities held within consolidated hedge funds, restricted public securities valued at a discount, as well as over-the-counter derivatives, including interest and inflation rate swaps and foreign currency exchange contracts that have inputs to the valuations that generally can be corroborated by observable market data.

Level 3 Inputs:

Unobservable inputs for the valuation of the asset or liability, which may include nonbinding broker quotes. Level 3 assets include investments for which there is little, if any, market activity. These inputs require significant management judgment or estimation.

- Level 3 assets may include direct private equity investments held within consolidated funds and investments in CLOs.
- Level 3 liabilities include contingent liabilities related to acquisitions valued based upon discounted cash flow analyses using unobservable market data.

Significance of Inputs. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the financial instrument.

Valuation Approaches. The fair values of certain Level 3 assets and liabilities were determined using various valuation approaches as appropriate, including third-party pricing vendors, broker quotes and market and income approaches. Such quotes and modeled prices are evaluated for reasonableness through various procedures, including due diligence reviews of third-party pricing vendors, variance analyses, consideration of the current market environment and other analytical procedures.

A significant number of inputs used to value equity, debt securities and investments in CLOs is sourced from third-party pricing vendors. Generally, prices obtained from pricing vendors are categorized as Level 1 inputs for identical securities traded in active markets and as Level 2 for other similar securities if the vendor uses observable inputs in determining the price. Annually, BlackRock's internal valuation committee or other designated groups review both the valuation approaches, including the general assumptions and methods used to value various asset classes, and operational processes with these vendors. On a quarterly basis, meetings are held with key vendors to identify any significant changes to the vendors' processes.

In addition, quotes obtained from brokers generally are nonbinding and categorized as Level 3 inputs. However, if the Company is able to determine that market participants have transacted for the asset in an orderly manner near the quoted price or if the Company can determine that the inputs used by the broker are observable, the quote is classified as a Level 2 input.

Investments Measured at Net Asset Values. As a practical expedient, the Company uses net asset value (“NAV”) as the fair value for certain investments. The inputs to value these investments may include BlackRock capital accounts for its partnership interests in various alternative investments, including hedge funds, real assets and private equity funds, which may be adjusted by using the returns of certain market indices. The various partnerships generally are investment companies, which record their underlying investments at fair value based on fair value policies established by management of the underlying fund. Fair value policies at the underlying fund generally require the fund to utilize pricing/valuation information from third-party sources, including independent appraisals. However, in some instances, current valuation information for illiquid securities or securities in markets that are not active may not be available from any third-party source or fund management may conclude that the valuations that are available from third-party sources are not reliable. In these instances, fund management may perform model-based analytical valuations that could be used as an input to value these investments.

Derivative Instruments and Hedging Activities. The Company does not use derivative financial instruments for trading or speculative purposes. The Company uses derivative financial instruments primarily for purposes of hedging exposures to fluctuations in foreign currency exchange rates of certain assets and liabilities, and market exposures for certain seed investments. However, certain consolidated sponsored investment funds may also utilize derivatives as a part of their investment strategy.

Changes in the fair value of the Company’s derivative financial instruments are recognized in earnings and, where applicable, are offset by the corresponding gain or loss on the related foreign-denominated assets or liabilities or hedged investments, on the condensed consolidated statements of income.

The Company may also use financial instruments designated as net investment hedges for accounting purposes to hedge net investments in international subsidiaries whose functional currency is not U.S. dollars. The gain or loss from revaluing accounting hedges of net investments in foreign operations at the spot rate is deferred and reported within accumulated other comprehensive income on the condensed consolidated statements of financial condition. The Company reassesses the effectiveness of its net investment hedge on a quarterly basis.

Money Market Fee Waivers. The Company is currently voluntarily waiving a portion of its management fees on certain money market funds to ensure that they maintain a targeted level of daily net investment income (the “Yield Support waivers”). During the three and six months ended June 30, 2017, these waivers resulted in a reduction of management fees of approximately \$0 million and \$6 million, respectively. During the three and six months ended June 30, 2016, these waivers resulted in a reduction of management fees of approximately \$13 million and \$25 million, respectively. Approximately 0% and 60% of Yield Support waivers for the six months ended June 30, 2017 and 2016, respectively, were offset by a reduction of BlackRock’s distribution and servicing costs paid to a financial intermediary. BlackRock may increase or decrease the level of Yield Support waivers in future periods.

Separate Account Assets and Liabilities. Separate account assets are maintained by BlackRock Life Limited, a wholly owned subsidiary of the Company, which is a registered life insurance company in the United Kingdom, and represent segregated assets held for purposes of funding individual and group pension contracts. The life insurance company does not underwrite any insurance contracts that involve any insurance risk transfer from the insured to the life insurance company. The separate account assets primarily include equity securities, debt securities, money market funds and derivatives. The separate account assets are not subject to general claims of the creditors of BlackRock. These separate account assets and the related equal and offsetting liabilities are recorded as separate account assets and separate account liabilities on the condensed consolidated statements of financial condition.

The net investment income attributable to separate account assets supporting individual and group pension contracts accrues directly to the contract owner and is not reported on the condensed consolidated statements of income. While BlackRock has no economic interest in these separate account assets and liabilities, BlackRock earns policy administration and management fees associated with these products, which are included in investment advisory, administration fees and securities lending revenue on the condensed consolidated statements of income.

Separate Account Collateral Assets Held and Liabilities Under Securities Lending Agreements. The Company facilitates securities lending arrangements whereby securities held by separate accounts maintained by BlackRock Life Limited are lent to third parties under global master securities lending agreements. In exchange, the Company receives legal title to the collateral with minimum values generally ranging from approximately 102% to 112% of the value of the securities lent in order to reduce counterparty risk. The required collateral value is calculated on a daily basis. The global master securities lending agreements provide the Company the right to request additional collateral or, in the event of borrower default, the right to liquidate collateral. The securities lending transactions entered into by the Company are accompanied by an agreement that entitles the Company to request the borrower to return the securities at any time; therefore, these transactions are not reported as sales.

The Company records on the condensed consolidated statements of financial condition the cash and noncash collateral received under these BlackRock Life Limited securities lending arrangements as its own asset in addition to an equal and offsetting collateral liability for the obligation to return the collateral. The securities lending revenue earned from lending securities held by the separate accounts is included in investment advisory, administration fees and securities lending revenue on the condensed consolidated statements of income. During the six months ended June 30, 2017 and 2016, the Company had not resold or repledged any of the collateral received under these arrangements. At June 30, 2017 and December 31, 2016, the fair value of loaned securities held by separate accounts was approximately \$23.8 billion and \$25.7 billion, respectively, and the fair value of the collateral held under these securities lending agreements was approximately \$26.3 billion and \$27.8 billion, respectively.

Recent Accounting Pronouncements Not Yet Adopted.

Revenue from Contracts with Customers. In May 2014, the FASB issued ASU 2014-09, *Revenue from Contracts with Customers* ("ASU 2014-09"). ASU 2014-09 outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. The guidance also changes the accounting for certain contract costs and revises the criteria for determining if an entity is acting as a principal or agent in certain arrangements. The Company continues to evaluate the impact of ASU 2014-09 on the presentation and recognition of its revenue contracts and certain contract costs. The most significant change identified to date relates to the presentation of certain distribution costs, which are currently presented net against revenues (contra-revenue) and will likely be presented as an expense on a gross basis. The Company will adopt ASU 2014-09 upon its effective date of January 1, 2018, together with all amending ASUs, and is currently evaluating which transition method it will apply.

Recognition and Measurement of Financial Instruments. In January 2016, the FASB issued ASU 2016-01, *Recognition and Measurement of Financial Assets and Financial Liabilities* ("ASU 2016-01"). ASU 2016-01 amends guidance on the classification and measurement of financial instruments, including significant revisions in accounting related to the classification and measurement of investments in equity securities and presentation of certain fair value changes for financial liabilities when the fair value option is elected. ASU 2016-01 also amends certain disclosure requirements associated with the fair value of financial instruments. ASU 2016-01 is effective for the Company on January 1, 2018. In the period of adoption, the Company is required to reclassify the unrealized gains/losses on equity securities within accumulated other comprehensive income to retained earnings, which is not expected to be material to the condensed consolidated financial statements.

Leases. In February 2016, the FASB issued ASU 2016-02, *Leases* ("ASU 2016-02"), which requires lessees to recognize assets and liabilities arising from most operating leases on the statement of financial condition. The Company expects to record assets and liabilities for its current operating leases upon adoption of ASU 2016-02 and does not expect the adoption to have a material impact on its results of operations or cash flows. ASU 2016-02 is effective for the Company on January 1, 2019, and the Company intends to apply the practical expedients allowed by the standard upon transition. See Note 13 of the 2016 Form 10-K for information on the Company's operating lease commitments.

Cash Flow Classification. In August 2016, the FASB issued ASU 2016-15, *Classification of Certain Cash Receipts and Cash Payments* ("ASU 2016-15"), which amends and clarifies the current guidance to reduce diversity in practice of the classification of certain cash receipts and payments in the statement of cash flows. The Company is currently evaluating the impact of adopting ASU 2016-15, which is effective for the Company on January 1, 2018 with early adoption permitted. The Company must apply the guidance retrospectively to all periods presented.

Total other investments	<u>1,046</u>	<u>839</u>
Total investments	<u>\$ 1,942</u>	<u>\$ 1,595</u>

⁽¹⁾ Equity method investments primarily include BlackRock's direct investments in certain BlackRock sponsored investment funds.

⁽²⁾ Amounts include nonmarketable securities, primarily Federal Reserve Bank stock, which is held for regulatory purposes and is restricted from sale. At June 30, 2017 and December 31, 2016, there were no indicators of impairment on these investments.

⁽³⁾ Carried interest of consolidated sponsor investment funds accounted for as voting rights entities ("VREs") represents allocations to BlackRock's general partner capital accounts from certain funds. These balances are subject to change upon cash distributions, additional allocations or reallocations back to limited partners within the respective funds.

Available-for-Sale Investments

At both June 30, 2017 and December 31, 2016, available-for-sale investments primarily included certain investments in CLOs and seed investments in BlackRock sponsored mutual funds. The cost of these investments approximated carrying value.

Held-to-Maturity Investments

The carrying value of held-to-maturity investments was \$74 million and \$51 million at June 30, 2017 and December 31, 2016, respectively. Held-to-maturity investments included foreign government debt held primarily for regulatory purposes and certain investments in CLOs. The amortized cost (carrying value) of these investments approximated fair value. At June 30, 2017, \$11 million of these investments mature between five to ten years and \$63 million mature after ten years.

Trading Investments

A summary of the cost and carrying value of trading investments is as follows:

<i>(in millions)</i>	<u>June 30, 2017</u>		<u>December 31, 2016</u>	
	<u>Cost</u>	<u>Carrying Value</u>	<u>Cost</u>	<u>Carrying Value</u>
Trading investments:				
Deferred compensation plan mutual funds	\$ 34	\$ 52	\$ 41	\$ 59
Equity securities/multi-asset mutual funds	374	408	290	308
Debt securities/fixed income mutual funds:				
Corporate debt	174	179	128	128
Government debt	30	30	60	60
Asset/mortgage backed debt	49	50	70	70
Total trading investments	<u>\$ 661</u>	<u>\$ 719</u>	<u>\$ 589</u>	<u>\$ 625</u>

At June 30, 2017, trading investments included \$242 million of debt securities and \$261 million of equity securities held by consolidated sponsored investment funds accounted for as VREs, \$52 million of certain deferred compensation plan mutual fund investments and \$164 million of other equity and debt securities.

At December 31, 2016, trading investments included \$246 million of debt securities and \$219 million of equity securities held by consolidated sponsored investment funds accounted for as VREs, \$59 million of certain deferred compensation plan mutual fund investments and \$101 million of other equity and debt securities.

Other

In addition, the Company accounts for its interest in PennyMac Financial Services, Inc. ("PennyMac") as an equity method investment. At June 30, 2017 and December 31, 2016 the Company's investment in PennyMac was excluded from investments in the table above and included in other assets on the condensed consolidated statements of financial condition. The carrying value and fair value of the Company's interest (approximately 20% or 16 million shares and units) was approximately \$317 million and \$260 million, respectively, at June 30, 2017 and approximately \$301 million and \$259 million, respectively, at December 31, 2016. The fair value of the Company's interest reflected the PennyMac stock price at June 30, 2017 and December 31, 2016, respectively (a Level 1 input). The Company performed an other-than-temporary impairment analysis as of June 30, 2017 and determined the decline in fair value below the carrying value to be temporary.

4. Consolidated Voting Rights Entities

The Company consolidates certain sponsored investment funds accounted for as VREs because it is deemed to control such funds. The investments owned by these consolidated VREs are classified as trading investments. The following table presents the balances related to these consolidated VREs that were recorded on the condensed consolidated statements of financial condition, including BlackRock's net interest in these funds:

<i>(in millions)</i>	June 30, 2017	December 31, 2016
Cash and cash equivalents	\$ 86	\$ 53
Trading investments	503	465
Other assets	29	15
Other liabilities	(51)	(50)
Noncontrolling interests	(77)	(39)
BlackRock's net interests in consolidated VREs	<u>\$ 490</u>	<u>\$ 444</u>

BlackRock's total exposure to consolidated VREs represents the value of its economic ownership interest in these sponsored investment funds. Valuation changes associated with investments held at fair value by these consolidated VREs are reflected in nonoperating income (expense) and partially offset in net income (loss) attributable to noncontrolling interests for the portion not attributable to BlackRock.

The Company cannot readily access cash and cash equivalents held by consolidated VREs to use in its operating activities.

5. Variable Interest Entities

In the normal course of business, the Company is the manager of various types of sponsored investment vehicles, which may be considered variable interest entities (“VIEs”). The Company may from time to time own equity or debt securities or enter into derivatives with the vehicles, each of which are considered variable interests. The Company’s involvement in financing the operations of the VIEs is generally limited to its investments in the entity. The Company consolidates entities when it is determined to be the primary beneficiary (“PB”).

Consolidated VIEs. The Company’s consolidated VIEs include certain sponsored investment funds in which BlackRock has an investment and as the investment manager is deemed to have both the power to direct the most significant activities of the funds and the right to receive benefits (or the obligation to absorb losses) that could potentially be significant to these sponsored investment funds. The assets of these VIEs are not available to creditors of the Company. In addition, the investors in these VIEs have no recourse to the credit of the Company.

Consolidated VIE assets and liabilities are presented after intercompany eliminations in the following table:

<i>(in millions)</i>	June 30, 2017	December 31, 2016
Assets of consolidated VIEs:		
Cash and cash equivalents	\$ 74	\$ 84
Investments	1,194	1,008
Other assets	50	63

(1) Amounts are comprised of certain investments measured at fair value using NAV (or its equivalent) as a practical expedient.

(2) Amounts are comprised of investments held at cost or amortized cost, carried interest and certain equity method investments, which include sponsored investment funds and other assets, which are not accounted for under a fair value measure. In accordance with GAAP, certain equity method investees do not account for both their financial assets and liabilities under fair value measures; therefore, the Company's investment in such equity method investees may not represent fair value.

(3) Level 3 amounts include direct investments in private equity companies held by private equity funds.

(4) Amounts primarily include recorded contingent liabilities related to certain acquisitions (see Note 11, *Commitments and Contingencies*, for more information).

Level 3 Assets. Level 3 investments of consolidated VIEs of \$113 million and \$112 million at June 30, 2017 and December 31, 2016, respectively, related to direct investments in private equity companies held by consolidated private equity funds.

Direct investments in private equity companies may be valued using the market approach or the income approach, or a combination thereof, and were valued based on an assessment of each underlying investment, incorporating evaluation of additional significant third-party financing, changes in valuations of comparable peer companies, the business environment of the companies, market indices, assumptions relating to appropriate risk adjustments for nonperformance and legal restrictions on disposition, among other factors. The fair value derived from the methods used is evaluated and weighted, as appropriate, considering the reasonableness of the range of values indicated. Under the market approach, fair value may be determined by reference to multiples of market-comparable companies or transactions, including earnings before interest, taxes, depreciation and amortization ("EBITDA") multiples. Under the income approach, fair value may be determined by discounting the expected cash flows to a single present value amount using current expectations about those future amounts. Unobservable inputs used in a discounted cash flow model may include projections of operating performance generally covering a five-year period and a terminal value of the private equity direct investment. For investments utilizing the discounted cash flow valuation technique, a significant increase (decrease) in the discount rate, risk premium or discount for lack of marketability in isolation could result in a significantly lower (higher) fair value measurement. For investments utilizing the market-comparable valuation technique, a significant increase (decrease) in the EBITDA multiple in isolation could result in a significantly higher (lower) fair value measurement.

Level 3 assets may include investments in CLOs valued based on single-broker nonbinding quotes and direct private equity investments valued using the market approach or the income approach as described above.

Level 3 Liabilities. Level 3 other liabilities primarily include recorded contingent liabilities related to certain acquisitions, which were valued based upon discounted cash flow analyses using unobservable market data inputs.

A portion of net income (loss) for consolidated sponsored investment funds are allocated to noncontrolling interests to reflect net income (loss) not attributable to the Company.

Transfers in and/or out of Levels. Transfers in and/or out of levels are reflected when significant inputs, including market inputs or performance attributes, used for the fair value measurement become observable/unobservable, or when the carrying value of certain equity method investments no longer represents fair value as determined under valuation methodologies.

Disclosures of Fair Value for Financial Instruments Not Held at Fair Value. At June 30, 2017 and December 31, 2016, the fair value of the Company's financial instruments not held at fair value are categorized in the table below:

	June 30, 2017		December 31, 2016		Fair Value Hierarchy
	Carrying Amount	Estimated Fair Value	Carrying Amount	Estimated Fair Value

⁽¹⁾ Cash and cash equivalents are carried at either cost or amortized cost, which approximates fair value due to their short-term maturities.

⁽²⁾ At June 30, 2017 and December 31, 2016, approximately \$136 million and \$132 million, respectively, of money market funds were recorded within cash and cash equivalents on the condensed consolidated statements of financial condition. In addition, at June 30, 2017 and December 31, 2016, approximately \$21 million and \$13 million, respectively, of money market funds were recorded within cash and cash equivalents of consolidated VIEs. Money market funds are valued based on quoted market prices, or \$1.00 per share, which generally is the NAV of the fund.

⁽³⁾ The carrying amounts of accounts receivable, accounts payable and accrued liabilities approximate fair value due to their short-term nature.

⁽⁴⁾ Other assets primarily include restricted cash.

⁽⁵⁾ Long-term borrowings are recorded at amortized cost net of debt issuance costs. The fair value of the long-term borrowings, including the current portion of long-term borrowings, is estimated using market prices at the end of June 2017 and December 2016, respectively. See Note 10, *Borrowings*, for the fair value of each of the Company's long-term borrowings.

Investments in Certain Entities that Calculate Net Asset Value Per Share.

As a practical expedient to value certain investments that do not have a readily determinable fair value and have attributes of an investment company, the Company uses NAV as the fair value. The following tables list information regarding all investments that use a fair value measurement to account for both their financial assets and financial liabilities in their calculation of a NAV per share (or equivalent).

N/R – not redeemable

(1) Comprised of equity method investments, which include investments in investment companies, which account for their financial assets and most financial liabilities under fair value measures; therefore, the Company's investment in such equity method investees approximates fair value.

(a) This category includes hedge funds and funds of hedge funds that invest primarily in equities, fixed income securities, distressed credit, opportunistic and mortgage instruments and other third-party hedge funds. The fair values of the investments have been estimated using the NAV of the Company's ownership interest in partners' capital. It was estimated that the investments in the funds that are not subject to redemption will be liquidated over a weighted-average period of six years at June 30, 2017 and approximately one year at December 31, 2016.

(b) This category includes several private equity funds that initially invest in nonmarketable securities of private companies, which ultimately may become public in the future. The fair values of these investments have been estimated using capital accounts representing the Company's ownership interest in the funds as well as other performance inputs. The Company's investment in each fund is not subject to redemption and is normally returned through distributions as a result of the liquidation of the underlying assets of the private equity funds. It was estimated that the investments in these funds will be liquidated over a weighted-average period of approximately five years at both June 30, 2017 and December 31, 2016.

- (c) This category includes several real assets funds that invest directly in real estate, real estate related assets and infrastructure. The fair values of the investments have been estimated using capital accounts representing the Company's ownership interest in the funds. The Company's investments that are not subject to redemption or are not currently redeemable are normally returned through distributions as a result of the liquidation of the underlying assets of the funds. It is estimated that the investments in these funds not subject to redemptions will be liquidated over a weighted-average period of approximately eight years at June 30, 2017 and six years at December 31, 2016. The total remaining unfunded commitments to other third-party funds were \$167 million and \$56 million at June 30, 2017 and December 31, 2016, respectively. The Company had contractual obligations to the consolidated funds of \$137 million at both June 30, 2017 and \$56 million at December 31, 2016.
- (d) This category includes the underlying third-party private equity funds within consolidated BlackRock sponsored private equity funds of funds. The fair values of the investments in the third-party funds have been estimated using capital accounts representing the Company's ownership interest in each fund in the portfolio as well as other performance inputs. These investments are not subject to redemption; however, for certain funds, the Company may sell or transfer its interest, which may need approval by the general partner of the underlying funds. Due to the nature of the investments in this category, the Company reduces its investment by distributions that are received through the realization of the underlying assets of the funds. It is estimated that the underlying assets of these funds will be liquidated over a weighted-average period of approximately five years at both June 30, 2017 and December 31, 2016. The total remaining unfunded commitments to other third-party funds were \$20 million and \$16 million at June 30, 2017 and December 31, 2016, respectively. The Company had contractual obligations to the consolidated funds of \$24 million at both June 30, 2017 and December 31, 2016.

7. Derivatives and Hedging

The Company maintains a program to enter into swaps to hedge against market price and interest rate exposures with respect to certain seed investments in sponsored investment products. At June 30, 2017, the Company had outstanding total return swaps with aggregate notional values of approximately \$588 million. At December 31, 2016, the Company had outstanding total return swaps and interest rate swaps with aggregate notional values of approximately \$572 million and \$42 million, respectively.

Gains (losses) on the total return swaps are recorded in nonoperating income (expense) and were \$(30) million and \$(64) million for the three and six months ended June 30, 2017, respectively. Gains (losses) on total return swaps were not material for the three and six months ended June 30, 2016.

Gains (losses) on the interest rate swaps are recorded in nonoperating income (expense) and were not material for the three and six months ended June 30, 2017 and 2016.

The Company has entered into a derivative providing credit protection to a counterparty of approximately \$17 million, representing the Company's maximum risk of loss with respect to the provision of credit protection. The Company carries the derivative at fair value based on the expected discounted future cash outflows under the arrangement.

The Company executes forward foreign currency exchange contracts to mitigate the risk of certain foreign exchange movements. At June 30, 2017 and December 31, 2016, the Company had outstanding forward foreign currency exchange contracts with aggregate notional values of approximately \$1.2 billion and \$107 million, respectively.

Gains (losses) on the forward foreign currency exchange contracts are recorded in other general and administration expense and were \$25 million and \$29 million for the three and six months ended June 30, 2017, respectively. Gains (losses) on the forward foreign currency exchange contracts were not material for the three and six months ended June 30, 2016.

The Company consolidates certain sponsored investment funds, which may utilize derivative instruments as a part of the funds' investment strategies. The change in fair value of such derivatives, which is recorded in nonoperating income (expense), was not material for the three and six months ended June 30, 2017 and 2016.

The fair value of the outstanding derivatives mentioned above were not material at June 30, 2017 and December 31, 2016.

See Note 12, *Borrowings*, in the 2016 Form 10-K for more information on the Company's net investment hedge.

8. Goodwill

Goodwill activity during the six months ended June 30, 2017 was as follows:

(in millions)

December 31, 2016	\$	13,118
Acquisition ⁽¹⁾		91
Goodwill adjustments related to Quellos ⁽²⁾		(10)
June 30, 2017	<u>\$</u>	<u>13,199</u>

- (1) Amount represents goodwill in connection with the First Reserve Transaction, which expanded the Company's energy and power infrastructure platform. Total consideration included \$120 million of contingent consideration at fair value at time of close.
- (2) The decrease in goodwill during the six months ended June 30, 2017 primarily resulted from a decline related to tax benefits realized from tax-deductible goodwill in excess of book goodwill from the acquisition of the fund-of-funds business of Quellos Group, LLC in October 2007 (the "Quellos Transaction"). Goodwill related to the Quellos Transaction will continue to be reduced in future periods by the amount of tax benefits realized from tax-deductible goodwill in excess of book goodwill from the Quellos Transaction. The balance of the Quellos tax-deductible goodwill in excess of book goodwill was approximately \$184 million and \$200 million at June 30, 2017 and December 31, 2016, respectively

10. Borrowings

Short-Term Borrowings

2017 Revolving Credit Facility. The Company's credit facility has an aggregate commitment amount of \$4.0 billion and was amended in April 2017 to extend the maturity date to April 2022 (the "2017 credit facility"). The 2017 credit facility permits the Company to request up to an additional \$1.0 billion of borrowing capacity, subject to lender credit approval, increasing the overall size of the 2017 credit facility to an aggregate principal amount not to exceed \$5.0 billion. Interest on borrowings outstanding accrues at a rate based on the applicable London Interbank Offered Rate plus a spread. The 2017 credit facility requires the Company not to exceed a maximum leverage ratio (ratio of net debt to earnings before interest, taxes, depreciation and amortization, where net debt equals total debt less unrestricted cash) of 3 to 1, which was satisfied with a ratio of less than 1 to 1 at June 30, 2017. The 2017 credit facility provides back-up liquidity to fund ongoing working capital for general corporate purposes and various investment opportunities. At June 30, 2017, the Company had no amount outstanding under the 2017 credit facility.

Commercial Paper Program. The Company can issue unsecured commercial paper notes (the "CP Notes") on a private-placement basis up to a maximum aggregate amount outstanding at any time of \$4.0 billion. The commercial paper program is currently supported by the 2017 credit facility. At June 30, 2017, BlackRock had no CP Notes outstanding.

Long-Term Borrowings

The carrying value and fair value of long-term borrowings estimated using market prices and foreign exchange rates at June 30, 2017 included the following:

<i>(in millions)</i>	Maturity Amount	Unamortized Discount and Debt Issuance Costs	Carrying Value	Fair Value

Total Long-term Borrowings	\$ 4,998	\$ (28)	\$ 4,970	\$ 5,225

Long-term borrowings at December 31, 2016 had a carrying value of \$4.9 billion and a fair value of \$5.2 billion determined using market prices at the end of December 2016.

2027 Notes. In March 2017, the Company issued \$700 million in aggregate principal amount of 3.20% senior unsecured and unsubordinated notes maturing on March 15, 2027 (the "2027 Notes"). Interest is payable semi-annually on March 15 and September 15 of each year, commencing September 15, 2017, and is approximately \$22 million per year. The 2027 Notes may be redeemed prior to maturity at any time in whole or in part at the option of the Company at a "make-whole" redemption price. The unamortized discount and debt issuance costs are being amortized over the remaining term of the 2027 Notes.

In April 2017, the net proceeds of the 2027 Notes were used to fully repay \$700 million in aggregate principal amount outstanding of 6.25% notes prior to their maturity in September 2017.

See Note 12, *Borrowings*, in the 2016 Form 10-K for more information regarding the Company's borrowings.

11. Commitments and Contingencies

Investment Commitments. At June 30, 2017, the Company had \$298 million of various capital commitments to fund sponsored investment funds, including consolidated VIEs. These funds include private equity funds, real assets funds and opportunistic funds. This amount excludes additional commitments made by consolidated funds of funds to underlying third-party funds as third-party noncontrolling interest holders have the legal obligation to fund the respective commitments of such funds of funds. In addition to the capital commitments of \$298 million, the Company had approximately \$3 million of contingent commitments for certain funds which have investment periods that have expired. Generally, the timing of the funding of these commitments is unknown and the commitments are callable on demand at any time prior to the expiration of the commitment. These unfunded commitments are not recorded on the condensed consolidated statements of financial condition. These commitments do not include potential future commitments approved by the Company that are not yet legally binding. The Company intends to make additional capital commitments from time to time to fund additional investment products for, and with, its clients.

Lease Commitment. In May 2017, the Company entered into an agreement with 50 HYMC Owner LLC, for the lease of approximately 847,000 square feet of office space located at 50 Hudson Yards, New York, New York. The term of the lease is twenty years from the date that rental payments begin, expected to occur in May 2023, with the option to renew for a specified term.

Future minimum commitments of annual base rental payments under this operating lease are as follows:

<i>(in millions)</i>	
Year	Amount
2023	\$ 34
2024	51
2025	51
2026	51
2027	51
Thereafter	1,007
Total	\$ 1,245

Contingencies

Contingent Payments Related to Business Acquisitions. In connection with certain acquisitions, BlackRock is required to make contingent payments, subject to achieving specified performance targets, which may include revenue related to acquired contracts or new capital commitments for certain products. The fair value of the remaining aggregate contingent payments at June 30, 2017 totaled \$218 million, including \$120 million related to the First Reserve Transaction, and is included in other liabilities on the condensed consolidated statements of financial condition.

Other Contingent Payments. The Company acts as the portfolio manager in a series of derivative transactions and has a maximum potential exposure of \$17 million between the Company and counterparty. See Note 7, *Derivatives and Hedging*, for further discussion.

Legal Proceedings. From time to time, BlackRock receives subpoenas or other requests for information from various U.S. federal, state governmental and domestic and international regulatory authorities in connection with certain industry-wide or other investigations or proceedings. It is BlackRock's policy to cooperate fully with such inquiries. The Company and certain of its subsidiaries have been named as defendants in various legal actions, including arbitrations and other litigation arising in connection with BlackRock's activities. Additionally, BlackRock advised investment portfolios may be subject to lawsuits, any of which potentially could harm the investment returns of the applicable portfolio or result in the Company being liable to the portfolios for any resulting damages.

On May 27, 2014, certain purported investors in the BlackRock Global Allocation Fund, Inc. and the BlackRock Equity Dividend Fund (collectively, the "Funds") filed a consolidated complaint (the "Consolidated Complaint") in the U.S. District Court for the District of New Jersey against BlackRock Advisors, LLC, BlackRock Investment Management, LLC and BlackRock International Limited under the caption *In re BlackRock Mutual Funds Advisory Fee Litigation*. The Consolidated Complaint, which purports to be brought derivatively on behalf of the Funds, alleges that the defendants violated Section 36(b) of the Investment Company Act by receiving allegedly excessive investment advisory fees from the Funds. On February 24, 2015, the same plaintiffs filed another complaint in the same court against BlackRock Investment Management, LLC and BlackRock Advisors, LLC. The allegations and legal claims in both complaints are substantially similar, with the new complaint purporting to challenge fees received by defendants after the plaintiffs filed their prior complaint. Both complaints seek, among other things, to recover on behalf of the Funds all allegedly excessive advisory fees received by defendants in the twelve month period preceding the start of each lawsuit, along with purported lost investment returns on those amounts, plus interest. On March 25, 2015, defendants' motion to dismiss the Consolidated Complaint was denied. The defendants believe the claims in both lawsuits are without merit and intend to vigorously defend the actions.

Between November 12, 2015 and November 16, 2015, BlackRock, Inc., BlackRock Realty Advisors, Inc. ("BRA"), BlackRock US Core Property Fund, Inc. (formerly known as BlackRock Granite Property Fund, Inc.) ("Granite Fund"), and certain other Granite Fund related entities (collectively, the "BlackRock Parties") were named as defendants in thirteen lawsuits filed in the Superior Court of the State of California for the County of Alameda arising out of the June

16, 2015 collapse of a balcony at the Library Gardens apartment complex in Berkeley, California (the "Property"). The Property is indirectly owned by the Granite Fund, which is managed by BRA. The plaintiffs also named as defendants in the lawsuits Greystar, which manages the Property, and certain other non-BlackRock related entities, including the developer of the Property, building contractors and building materials suppliers. The plaintiffs allege, among other things, that the BlackRock Parties were negligent in their ownership, control and maintenance of the Property's balcony, and seek monetary, including punitive, damages. Additionally, on March 16, 2016, three former tenants of the Library Gardens apartment unit that experienced the balcony collapse sued the BlackRock Parties. The former tenants, who witnessed (but were not physically injured in) the accident make allegations virtually identical to those in the other previously filed actions and claim that, as a result of the collapse, they suffered unspecified emotional damage. Several defendants also filed cross-complaints alleging a variety of claims, including claims against the BlackRock Parties for contribution, negligence, and declaratory relief. BlackRock believes the claims against the BlackRock Parties are without merit and intends to vigorously defend the actions.

On June 16, 2016, *iShares* Trust, BlackRock, Inc. and certain of its advisory affiliates, and the directors and certain officers of the *iShares* ETFs were named as defendants in a purported class action lawsuit filed in California state court. The lawsuit was filed by investors in certain *iShares* ETFs (the "ETFs"), and alleges the defendants violated the federal securities laws, purportedly by failing to adequately disclose in prospectuses issued by the ETFs the risks to the ETFs' shareholders in the event of a "flash crash." Plaintiffs seek unspecified monetary damages. The Plaintiffs' complaint was dismissed in December 2016 and on January 6, 2017, plaintiffs filed an amended complaint. The defendants filed a motion for judgment on the pleadings dismissing that complaint. On April 27, 2017, the court granted the defendants' motion in part and denied it in part. The defendants believe the claims in this lawsuit are without merit and intend to vigorously defend the action.

On April 5, 2017, BlackRock, Inc., BlackRock Institutional Trust Company, N.A., the BlackRock, Inc. Retirement Committee and various sub-committees, and a BlackRock employee were named as defendants in a purported class action lawsuit brought in the U.S. District Court for the Northern District of California by a former employee on behalf of all BlackRock employee 401(k) Plan (the "Plan") participants and beneficiaries in the Plan from April 5, 2011, to the present. The lawsuit generally alleges that the defendants breached their duties towards Plan participants in violation of the Employee Retirement Income Security Act of 1974 by, among other things, offering investment options that were overly expensive, underperformed peer funds, focused disproportionately on active versus passive strategies, and were unduly concentrated with investment options managed by BlackRock. While the complaint does not contain any specific amount in alleged damages, it claims that the purported underperformance and hidden fees cost Plan participants more than \$60 million. The defendants believe the claims in this lawsuit are without merit and intend to vigorously defend the action.

Management, after consultation with legal counsel, currently does not anticipate that the aggregate liability arising out of regulatory matters or lawsuits will have a material effect on BlackRock's results of operations, financial position, or cash flows. However, there is no assurance as to whether any such pending or threatened matters will have a material effect on BlackRock's results of operations, financial position or cash flows in any future reporting period. Due to uncertainties surrounding the outcome of these matters, management cannot reasonably estimate the possible loss or range of loss that may arise from these matters.

Indemnifications. In the ordinary course of business or in connection with certain acquisition agreements, BlackRock enters into contracts pursuant to which it may agree to indemnify third parties in certain circumstances. The terms of these indemnities vary from contract to contract and the amount of indemnification liability, if any, cannot be determined or the likelihood of any liability is considered remote. Consequently, no liability has been recorded on the condensed consolidated statements of financial condition.

In connection with securities lending transactions, BlackRock has issued certain indemnifications to certain securities lending clients against potential loss resulting from a borrower's failure to fulfill its obligations under the securities lending agreement should the value of the collateral pledged by the borrower at the time of default be insufficient to cover the borrower's obligation under the securities lending agreement. At June 30, 2017, the Company indemnified certain of its clients for their securities lending loan balances of approximately \$184.8 billion. The Company held, as agent, cash and securities totaling \$198.1 billion as collateral for indemnified securities on loan at June 30, 2017. The fair value of these indemnifications was not material at June 30, 2017.

Under a share surrender agreement, PNC committed to provide up to 4 million shares of BlackRock stock, held by PNC, to fund certain BlackRock long-term incentive plans ("LTIP"), including performance-based and market performance-based RSUs. The current share surrender agreement commits PNC to provide BlackRock Series C nonvoting participating preferred stock to fund the remaining committed shares. As of June 30, 2017, 3.8 million shares had been surrendered by PNC.

517,138 shares were surrendered by PNC in the first quarter of 2017.

13. Net Capital Requirements

The Company is required to maintain net capital in certain regulated subsidiaries within a number of jurisdictions, which is partially maintained by retaining cash and cash equivalent investments in those subsidiaries or jurisdictions. As a result, such subsidiaries of the Company may be restricted in their ability to transfer cash between different jurisdictions and to their parents. Additionally, transfers of cash between international jurisdictions, including repatriation to the United States, may have adverse tax consequences that could discourage such transfers.

At June 30, 2017, the Company was required to maintain approximately \$1.6 billion in net capital in certain regulated subsidiaries, including BlackRock Institutional Trust Company, N.A. (a wholly owned subsidiary of the Company that is chartered as a national bank whose powers are limited to trust and other fiduciary activities and which is subject to regulatory capital requirements administered by the Office of the Comptroller of the Currency), entities regulated by the Financial Conduct Authority and Prudential Regulation Authority in the United Kingdom, and the Company's broker-dealers. The Company was in compliance with all applicable regulatory net capital requirements.

At June 30, 2017 and December 31, 2016, the restructuring liability was \$2 million and \$4 million, respectively, and is included within other liabilities on the condensed consolidated statements of financial condition.

17. Earnings Per Share

Due to the similarities in terms between BlackRock nonvoting participating preferred stock and the Company's common stock, the Company considers its participating preferred stock to be a common stock equivalent for purposes of earnings per share ("EPS") calculations. As such, the Company has included the outstanding nonvoting participating preferred stock in the calculation of average basic and diluted shares outstanding.

The following table sets forth the computation of basic and diluted EPS for the three and six months ended June 30, 2017 and 2016 under the treasury stock method:

THREE MONTHS ENDED JUNE 30, 2017 COMPARED WITH THREE MONTHS ENDED JUNE 30, 2016

GAAP. Operating income of \$1,242 million increased \$69 million and operating margin of 41.9% increased 10 bps from the second quarter of 2016. Operating income and operating margin growth reflected higher year-over-year base fees, and technology and risk management revenue, partially offset by higher volume-related expense, as a result of higher average AUM, and higher general and administration, and compensation and benefits expense. Nonoperating income (expense), less net income (loss) attributable to noncontrolling interests ("NCI"), increased \$22 million driven by higher net gains on investments.

Earnings per diluted common share increased \$0.49, or 10%, from the second quarter of 2016, driven primarily by higher operating income and the benefit of share repurchases.

As Adjusted. Operating income of \$1,246 million increased \$67 million from the second quarter of 2016. Income tax expense for the prior year's quarter excluded a \$4 million net noncash expense. Earnings per diluted common share increased \$0.46, or 10%, from the second quarter of 2016.

SIX MONTHS ENDED JUNE 30, 2017 COMPARED WITH SIX MONTHS ENDED JUNE 30, 2016

GAAP. Operating income of \$2,389 million increased \$253 million and operating margin of 41.3% increased 190 bps from the six months ended June 30, 2016. Operating income and operating margin growth reflected higher year-over-year base fees, and technology and risk management revenue, partially offset by higher compensation and benefits, and volume-related expense, and approximately \$22 million of expense associated with the strategic repositioning of the active equity platform. Operating income for the six months ended June 30, 2016 included a restructuring charge of \$76 million in connection with a project to streamline and simplify the organization. Nonoperating income (expense), less net income (loss) attributable to NCI, increased \$44 million driven by higher net gains on investments. Nonoperating results for the six months ended June 30, 2017 included a “make-whole” redemption premium of \$14 million related to the refinancing of \$700 million of 6.25% notes, which were paid prior to their September 2017 maturity.

Income tax expense for the six months ended June 30, 2017 included an \$81 million discrete tax benefit reflecting the adoption of new accounting guidance related to stock-based compensation awards that vested in the first quarter of 2017. See *Income Tax Expense* within *Discussion of Financial Results* for more information.

Earnings per diluted common share increased \$1.79, or 21%, from the six months ended June 30, 2016, driven primarily by higher operating income, including the effect of a restructuring charge recorded in the first quarter of 2016, a lower effective tax rate due to the adoption of new accounting guidance described above and the benefit of share repurchases.

As Adjusted. Operating income of \$2,397 million increased \$171 million and operating margin of 43.3% increased 50 bps from the six months ended June 30, 2016. The pre-tax restructuring charge of \$76 million described above was excluded from as adjusted results for the six months ended June 30, 2016. Income tax expense for the six months ended June 30, 2017 included the \$81 million discrete tax benefit described above. Earnings per diluted common share increased \$1.45, or 16%, from the six months ended June 30, 2016.

See *Non-GAAP Financial Measures* for further information on as adjusted items and the reconciliation to accounting principles generally accepted in the United States (“GAAP”).

For further discussion of BlackRock’s revenue, expense, nonoperating results and income tax expense, see *Discussion of Financial Results* herein.

NON-GAAP FINANCIAL MEASURES

BlackRock reports its financial results in accordance with GAAP; however, management believes evaluating the Company's ongoing operating results may be enhanced if investors have additional non-GAAP financial measures. Management reviews non-GAAP financial measures to assess ongoing operations and considers them to be helpful, for both management and investors, in evaluating BlackRock's financial performance over time. Management also uses non-GAAP financial measures as a benchmark to compare its performance with other companies and to enhance the comparability of this information for the reporting periods presented. Non-GAAP measures may pose limitations because they do not include all of BlackRock's revenue and expense. BlackRock's management does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. Non-GAAP measures may not be comparable to other similarly titled measures of other companies.

Management uses both GAAP and non-GAAP financial measures in evaluating BlackRock's financial performance. Adjustments to GAAP financial measures ("non-GAAP adjustments") include certain items management deems nonrecurring or that occur infrequently, transactions that ultimately will not impact BlackRock's book value or certain tax items that do not impact cash flow.

Computations for all periods are derived from the condensed consolidated statements of income as follows:

(1) Operating income, as adjusted, and operating margin, as adjusted:

Management believes operating income, as adjusted, and operating margin, as adjusted, are effective indicators of BlackRock's financial performance over time and, therefore, provide useful disclosure to investors.

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
<i>(in millions)</i>				
Operating income, GAAP basis	\$ 1,242	\$ 1,173	\$ 2,389	\$ 2,136
Non-GAAP expense adjustments:

PNC LTIP funding obligation	4	6	8	14
Operating income, as adjusted	\$ 1,246	\$ 1,179	\$ 2,397	\$ 2,226
Revenue, GAAP basis	\$ 2,965	\$ 2,804	\$ 5,789	\$ 5,428
Non-GAAP adjustments:

Amortization of deferred sales commissions	(4)	(9)	(9)	(19)
Revenue used for operating margin measurement	\$ 2,840	\$ 2,686	\$ 5,542	\$ 5,203
Operating margin, GAAP basis	41.9%	41.8%	41.3%	39.4%
Operating margin, as adjusted	43.9%	43.9%	43.3%	42.8%

- Operating income, as adjusted, includes non-GAAP expense adjustments. The portion of compensation expense associated with certain long-term incentive plans ("LTIP") funded, or to be funded, through share distributions to participants of BlackRock stock held by PNC has been excluded because it ultimately does not impact BlackRock's book value. For the six months ended June 30, 2016, a restructuring charge comprised of severance and accelerated amortization expense of previously granted deferred compensation awards has been excluded to provide an analysis of BlackRock's ongoing operations and to ensure comparability among periods presented.
- Revenue used for operating margin, as adjusted, excludes distribution and servicing costs paid to related parties and other third parties. Management believes such costs represent a benchmark for the amount of revenue passed through to external parties who distribute the Company's products. In addition, management believes the exclusion of such costs is useful because it creates consistency in the treatment for certain contracts for similar services, which due to the terms of the contracts, are accounted for under GAAP on a net basis within investment advisory, administration fees and securities lending revenue. Amortization of deferred sales commissions is excluded from revenue used for operating margin measurement, as adjusted, because such costs, over time, substantially offset distribution fee revenue the

Company earns. For each of these items, BlackRock excludes from revenue used for operating margin, as adjusted, the costs related to each of these items as a proxy for such offsetting revenue.

(2) Net income attributable to BlackRock, as adjusted:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2017	2016	2017	2016
<i>(in millions, except per share data)</i>				
Net income attributable to BlackRock, GAAP basis	\$ 857	\$ 789	\$ 1,719	\$ 1,446
Non-GAAP adjustments:

PNC LTIP funding obligation, net of tax	3	4	6	9

Diluted earnings per common share, as adjusted⁽³⁾	\$ 5.24	\$ 4.78	\$ 10.48	\$ 9.03

Management believes net income attributable to BlackRock, as adjusted, and diluted earnings per common share, as adjusted, are useful measures of BlackRock's profitability and financial performance. Net income attributable to BlackRock, as adjusted, equals net income attributable to BlackRock, GAAP basis, adjusted for significant nonrecurring items, charges that ultimately will not impact BlackRock's book value or certain tax items that do not impact cash flow.

See aforementioned discussion regarding operating income, as adjusted, and operating margin, as adjusted, for information on the PNC LTIP funding obligation and the restructuring charge.

For each period presented, the non-GAAP adjustment related to the restructuring charge and PNC LTIP funding obligation was tax effected at the respective blended rates applicable to the adjustments. Amounts for income tax matters represent net noncash (benefits) expense primarily associated with the revaluation of certain deferred tax liabilities related to intangible assets and goodwill. Amounts have been excluded from the as adjusted results as these items will not have a cash flow impact and to ensure comparability among periods presented.

Per share amounts reflect net income attributable to BlackRock, as adjusted divided by diluted weighted average common shares outstanding.

(3) Nonvoting participating preferred stock is considered to be a common stock equivalent for purposes of determining basic and diluted earnings per share calculations.

AUM increased \$799.2 billion, or 16%, to \$5.7 trillion at June 30, 2017 from \$4.9 trillion at June 30, 2016, driven by net market appreciation, positive net inflows and AUM acquired in the First Reserve Transaction, partially offset by the impact of foreign exchange movements.

Net market appreciation of \$475.0 billion was primarily driven by higher U.S. and global equity markets.

Long-term net inflows of \$316.8 billion were comprised of net inflows of \$238.8 billion, \$71.5 billion and \$6.5 billion from *iShares* ETFs, institutional clients and retail clients, respectively. Net flows in long-term products are described below.

- *iShares* ETFs net inflows of \$238.8 billion were led by equity net inflows of \$172.6 billion, reflecting demand for the Core and broad market exposures. Fixed income net inflows of \$63.7 billion reflected inflows into investment grade corporate, emerging markets debt and treasury bond funds.
- Institutional index net inflows of \$54.1 billion were driven by fixed income net inflows of \$56.2 billion.
- Institutional active net inflows of \$17.4 billion reflected multi-asset net inflows of \$25.4 billion and \$4.4 billion in alternatives, partially offset by active equity net outflows of \$15.2 billion. Multi-asset net inflows were driven by ongoing demand for the *LifePath* target-date series. Alternatives net inflows of \$4.4 billion were led by inflows into infrastructure offerings. Active equity net outflows of \$15.2 billion were primarily from U.S. equity and global strategies.
- Retail net inflows of \$6.5 billion reflected net inflows of \$7.4 billion internationally, partially offset by \$0.9 billion of outflows from the United States. Retail net inflows reflected net inflows of \$15.9 billion from fixed income products, partially offset by \$7.0 billion of net outflows from multi-asset products. Fixed income net inflows were led by emerging market and municipal bond strategies.

Cash management net inflows of \$26.8 billion primarily reflected net inflows into government and offshore funds, partially offset by net outflows from prime strategies from Americas institutional clients ahead of U.S. money market reform. Net inflows also included inflows from EMEA prime strategies.

AUM decreased \$15.1 billion due to the impact of foreign exchange movements, primarily due to the strengthening of the U.S. dollar, largely against the Japanese yen and British pound, partially offset by the weakening of the U.S. dollar against the Euro.

2017. The six months ended June 30, 2017 income tax expense (GAAP) included an \$81 million discrete tax benefit, reflecting the adoption of new accounting guidance related to stock-based compensation awards that vested in the first quarter of 2017. See Note 2, *Significant Accounting Policies*, for further information.

2016. The three months ended June 30, 2016 income tax expense (GAAP) included a \$4 million net noncash expense, primarily related to the revaluation of certain deferred income tax liabilities as a result of domestic state and local tax changes, which has been excluded from as adjusted results.

BALANCE SHEET OVERVIEW

As Adjusted Balance Sheet

The following table presents a reconciliation of the condensed consolidated statement of financial condition presented on a GAAP basis to the condensed consolidated statement of financial condition, excluding the impact of separate account assets and separate account collateral held under securities lending agreements (directly related to lending separate account securities) and separate account liabilities and separate account collateral liabilities under securities lending agreements and consolidated sponsored investment funds, including consolidated VIEs.

The Company presents the as adjusted balance sheet as additional information to enable investors to exclude certain assets that have equal and offsetting liabilities or noncontrolling interests that ultimately do not have an impact on stockholders' equity or cash flows. Management views the as adjusted balance sheet, a non-GAAP financial measure, as an economic presentation of the Company's total assets and liabilities; however, it does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP.

Separate Account Assets and Liabilities and Separate Account Collateral Held under Securities Lending Agreements

Separate account assets are maintained by BlackRock Life Limited, a wholly owned subsidiary of the Company that is a registered life insurance company in the United Kingdom, and represent segregated assets held for purposes of funding individual and group pension contracts. The Company records equal and offsetting separate account liabilities. The separate account assets are not available to creditors of the Company and the holders of the pension contracts have no recourse to the Company's assets. The net investment income attributable to separate account assets accrues directly to the contract owners and is not reported on the condensed consolidated statements of income. While BlackRock has no economic interest in these assets or liabilities, BlackRock earns an investment advisory fee for the service of managing these assets on behalf of its clients.

In addition, the Company records on its condensed consolidated statements of financial condition the separate account collateral received under BlackRock Life Limited securities lending arrangements as its own asset in addition to an equal and offsetting separate account collateral liability for the obligation to return the collateral. The collateral is not available to creditors of the Company, and the borrowers under the securities lending arrangements have no recourse to the Company's assets.

Consolidated Sponsored Investment Funds

The Company consolidates certain sponsored investment funds accounted for as voting rights entities ("VREs") and VIEs, (collectively, "Consolidated Sponsored Investment Funds"). See Note 2, *Significant Accounting Policies*, in the notes to the consolidated financial statements contained in the 2016 Form 10-K for more information on the Company's consolidation policy.

The Company cannot readily access cash and cash equivalents or other assets held by Consolidated Sponsored Investment Funds to use in its operating activities. In addition, the Company cannot readily sell investments held by Consolidated Sponsored Investment Funds in order to obtain cash for use in the Company's operations.

(1) Amounts represent segregated client assets generating advisory fees in which BlackRock has no economic interest or liability.

(2) Amounts represent the portion of assets and liabilities of Consolidated Sponsored Investment Funds attributable to NCI.

(3) Amounts include property and equipment and other assets.

(4) Amount includes approximately \$5.6 billion of deferred income tax liabilities related to goodwill and intangibles.

The following discussion summarizes the significant changes in assets and liabilities on a GAAP basis. Please see the condensed consolidated statements of financial condition as of June 30, 2017 and December 31, 2016 contained in Part I, Item 1 of this filing. The discussion does not include changes related to assets and liabilities that are equal and offsetting and have no impact on BlackRock's stockholders' equity.

Assets. Cash and cash equivalents at June 30, 2017 and December 31, 2016 included \$86 million and \$53 million, respectively, of cash held by consolidated VREs (see *Liquidity and Capital Resources* for details on the change in cash and cash equivalents during the six months ended June 30, 2017).

Accounts receivable at June 30, 2017 increased \$634 million from December 31, 2016 primarily due to an increase in unit trust receivables (substantially offset by an increase in unit trust payables recorded within accounts payable and accrued liabilities) and higher BlackRock mutual funds and *iShares* and alternative products receivables. Investments were \$1,942 million at June 30, 2017 (for more information see *Investments* herein). Goodwill and intangible assets increased \$141 million from December 31, 2016, primarily due to the goodwill and intangible assets acquired in the First Reserve Transaction, partially offset by \$50 million of amortization of intangible assets. Other assets (including property and equipment) increased \$333 million from December 31, 2016, primarily related to an increase in current taxes receivable, additional earnings from certain strategic investments and other assets.

Liabilities. Accrued compensation and benefits at June 30, 2017 decreased \$740 million from December 31, 2016, primarily due to 2016 incentive compensation cash payments in the first quarter of 2017, partially offset by 2017 incentive compensation accruals. Accounts payable and accrued liabilities at June 30, 2017 increased \$426 million from December 31, 2016 due to higher unit trust payables (substantially offset by an increase in unit trust receivables recorded within accounts receivable).

Net deferred income tax liabilities at June 30, 2017 increased \$141 million, primarily due to the effects of temporary differences associated with stock-based compensation. Other liabilities increased \$531 million from December 31, 2016, primarily related to timing of settlements in connection with certain transactions and an increase in contingent liabilities related to the First Reserve Transaction.

Investments and Investments of Consolidated VIEs

The Company's investments and investments of consolidated VIEs (collectively, "Total Investments") were \$1,942 million and \$1,194 million, respectively, at June 30, 2017. Total Investments include consolidated investments held by sponsored investment funds accounted for as VREs and VIEs. Management reviews BlackRock's Total Investments on an "economic" basis, which eliminates the portion of Total Investments that does not impact BlackRock's book value or net income attributable to BlackRock. BlackRock's management does not advocate that investors consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP.

The Company presents Total Investments, as adjusted, to enable investors to understand the portion of Total Investments that is owned by the Company, net of NCI, as a gauge to measure the impact of changes in net nonoperating income (expense) on investments to net income (loss) attributable to BlackRock.

The Company further presents net "economic" investment exposure, net of deferred compensation investments and hedged investments, to reflect another helpful measure for investors. The economic impact of Total Investments held pursuant to deferred compensation arrangements is offset by a change in compensation expense. The impact of certain investments is substantially mitigated by swap hedges. Carried interest capital allocations are excluded as there is no impact to BlackRock's stockholders' equity until such amounts are realized as performance fees. Finally, the Company's regulatory investment in Federal Reserve Bank stock, which is not subject to market or interest rate risk, is excluded from the Company's net economic investment exposure.

LIQUIDITY AND CAPITAL RESOURCES**BlackRock Cash Flows Excluding the Impact of Consolidated Sponsored Investment Funds**

The condensed consolidated statements of cash flows include the cash flows of the Consolidated Sponsored Investment Funds. The Company uses an adjusted cash flow statement, which excludes the impact of Consolidated Sponsored Investment Funds, as a supplemental non-GAAP measure to assess liquidity and capital requirements. The Company believes that its cash flows, excluding the impact of the Consolidated Sponsored Investment Funds, provide investors with useful information on the cash flows of BlackRock relating to its ability to fund additional operating, investing and financing activities. BlackRock's management does not advocate that investors consider such non-GAAP measures in isolation from, or as a substitute for, its cash flows presented in accordance with GAAP.

The following table presents a reconciliation of the condensed consolidated statements of cash flows presented on a GAAP basis to the condensed consolidated statements of cash flows, excluding the impact of the cash flows of Consolidated Sponsored Investment Funds:

Sources of BlackRock's operating cash primarily include investment advisory, administration fees and securities lending revenue, performance fees, revenue from technology and risk management services, advisory and other revenue and distribution fees. BlackRock uses its cash to pay all operating expense, interest and principal on borrowings, income taxes, dividends on BlackRock's capital stock, repurchases of the Company's stock, capital expenditures and purchases of co-investments and seed investments.

For details of the Company's GAAP cash flows from operating, investing and financing activities, see the Condensed Consolidated Statements of Cash Flows contained in Part I, Item 1 of this filing.

Cash flows from operating activities, excluding the impact of Consolidated Sponsored Investment Funds, primarily include the receipt of investment advisory and administration fees, securities lending revenue and performance fees offset by the payment of operating expenses incurred in the normal course of business, including year-end incentive compensation accrued for in the prior year.

Cash outflows from investing activities, excluding the impact of Consolidated Sponsored Investment Funds, for the six months ended June 30, 2017 were \$345 million and primarily reflected \$312 million of investment purchases, \$55 million of purchases of property and equipment and \$73 million related to the First Reserve Transaction, partially offset by \$77 million of net proceeds from sales and maturities of certain investments.

Cash outflows from financing activities, excluding the impact of Consolidated Sponsored Investment Funds, for the six months ended June 30, 2017 were \$1,712 million, primarily resulting from \$846 million of share repurchases, including \$550 million in open market transactions and \$296 million of employee tax withholdings related to employee stock transactions, \$854 million of cash dividend payments and \$700 million of repayments of long-term borrowings, partially offset by \$697 million of proceeds from issuance of long-term borrowings.

The Company manages its financial condition and funding to maintain appropriate liquidity for the business. Liquidity resources at June 30, 2017 and December 31, 2016 were as follows:

<i>(in millions)</i>	June 30, 2017	December 31, 2016
Cash and cash equivalents ⁽¹⁾	\$ 5,508	\$ 6,091
Cash and cash equivalents held by consolidated VREs ⁽²⁾	(86)	(53)

Credit facility – undrawn	4,000	4,000
Total liquidity resources ⁽³⁾	<u>\$ 9,422</u>	<u>\$ 10,038</u>

(1) The percentage of cash and cash equivalents held by the Company's U.S. subsidiaries was approximately 40% and 50% at June 30, 2017 and December 31, 2016, respectively. See *Net Capital Requirements* herein for more information on net capital requirements in certain regulated subsidiaries.

(2) The Company cannot readily access such cash to use in its operating activities.

(3) Amount at December 31, 2016 does not reflect year-end incentive compensation accruals of approximately \$1.3 billion, which were paid in the first quarter of 2017.

Total liquidity resources decreased \$616 million during the six months ended June 30, 2017, primarily reflecting cash payments of 2016 year-end incentive awards, share repurchases of \$846 million and cash dividend payments of \$854 million, partially offset by cash flows from other operating activities.

A significant portion of the Company's \$2,931 million of Total Investments, as adjusted, is illiquid in nature and, as such, cannot be readily convertible to cash.

Share Repurchases. In January 2017, the Board of Directors approved an increase in the shares that may be repurchased under the Company's existing share repurchase program to allow for the repurchase of an additional 6 million shares for a total up to 9 million shares of BlackRock common stock.

The Company repurchased 1.4 million common shares in open market transactions under the share repurchase program for approximately \$550 million during the six months ended June 30, 2017. At June 30, 2017, there were 7.6 million shares still authorized to be repurchased.

Net Capital Requirements. The Company is required to maintain net capital in certain regulated subsidiaries within a number of jurisdictions, which is partially maintained by retaining cash and cash equivalent investments in those subsidiaries or jurisdictions. As a result, such subsidiaries of the Company may be restricted in their ability to transfer cash between different jurisdictions and to their parents. Additionally, transfers of cash between international jurisdictions, including repatriation to the United States, may have adverse tax consequences that could discourage such transfers.

BlackRock Institutional Trust Company, N.A. ("BTC") is chartered as a national bank that does not accept client deposits and whose powers are limited to trust and other fiduciary activities. BTC provides investment management services, including investment advisory and securities lending agency services, to institutional clients. BTC is subject to regulatory capital and liquid asset requirements administered by the Office of the Comptroller of the Currency.

At June 30, 2017 and December 31, 2016, the Company was required to maintain approximately \$1.6 billion and \$1.4 billion, respectively, in net capital in certain regulated subsidiaries, including BTC, entities regulated by the Financial Conduct Authority and Prudential Regulation Authority in the United Kingdom, and the Company's broker-dealers. The Company was in compliance with all applicable regulatory net capital requirements.

Short-Term Borrowings

2017 Revolving Credit Facility. The Company's credit facility has an aggregate commitment amount of \$4.0 billion and was amended in April 2017 to extend the maturity date to April 2022 (the "2017 credit facility"). The 2017 credit facility permits the Company to request up to an additional \$1.0 billion of borrowing capacity, subject to lender credit approval, increasing the overall size of the 2017 credit facility to an aggregate principal amount not to exceed \$5.0 billion. Interest on borrowings outstanding accrues at a rate based on the applicable London Interbank Offered Rate plus a spread. The 2017 credit facility requires the Company not to exceed a maximum leverage ratio (ratio of net debt to earnings before interest, taxes, depreciation and amortization, where net debt equals total debt less unrestricted cash) of 3 to 1, which was satisfied with a ratio of less than 1 to 1 at June 30, 2017. The 2017 credit facility provides back-up liquidity to fund ongoing working capital for general corporate purposes and various investment opportunities. At June 30, 2017, the Company had no amount outstanding under the 2017 credit facility.

Commercial Paper Program. The Company can issue unsecured commercial paper notes (the “CP Notes”) on a private-placement basis up to a maximum aggregate amount outstanding at any time of \$4.0 billion. The commercial paper program is currently supported by the 2017 credit facility. At June 30, 2017, BlackRock had no CP Notes outstanding.

Long-Term Borrowings

At June 30, 2017, the principal amount of long-term borrowings outstanding was \$5.0 billion. See Note 12, *Borrowings*, in the 2016 Form 10-K for more information on borrowings outstanding as of December 31, 2016.

In March 2017, the Company issued \$700 million in aggregate principal amount of 3.20% senior unsecured and unsubordinated notes maturing on March 15, 2027 (the “2027 Notes”). Interest is payable semi-annually on March 15 and September 15 of each year, commencing September 15, 2017, and is approximately \$22 million per year. The 2027 Notes may be redeemed prior to maturity at any time in whole or in part at the option of the Company at a “make-whole” redemption price. The unamortized discount and debt issuance costs are being amortized over the remaining term of the 2027 Notes.

In April 2017, the net proceeds of the 2027 Notes were used to fully repay \$700 million in aggregate principal amount outstanding of 6.25% notes prior to their maturity in September 2017.

During the six months ended June 30, 2017, the Company paid approximately \$121 million of interest on long-term borrowings. Future principal repayments and interest requirements at June 30, 2017 were as follows:

(in millions)

Year	Principal	Interest	Total Payments

⁽¹⁾ The amount of principal and interest payments for the 2025 Notes (issued in Euros) represents the expected payment amounts using foreign exchange rates as of June 30, 2017.

Investment Commitments. At June 30, 2017, the Company had \$298 million of various capital commitments to fund sponsored investment funds, including consolidated VIEs. These funds include private equity funds, real assets funds and opportunistic funds. This amount excludes additional commitments made by consolidated funds of funds to underlying third-party funds as third-party noncontrolling interest holders have the legal obligation to fund the respective commitments of such funds of funds. In addition to the capital commitments of \$298 million, the Company had approximately \$3 million of contingent commitments for certain funds which have investment periods that have expired. Generally, the timing of the funding of these commitments is unknown and the commitments are callable on demand at any time prior to the expiration of the commitment. These unfunded commitments are not recorded on the condensed consolidated statements of financial condition. These commitments do not include potential future commitments approved by the Company that are not yet legally binding. The Company intends to make additional capital commitments from time to time to fund additional investment products for, and with, its clients.

Lease Commitment. In May 2017, the Company entered into an agreement with 50 HYMC Owner LLC, for the lease of approximately 847,000 square feet of office space located at 50 Hudson Yards, New York, New York. The term of the lease is twenty years from the date that rental payments begin, expected to occur in May 2023, with the option to renew for a specified term.

Future minimum commitments of annual base rental payments under this operating lease are as follows:

<i>(in millions)</i>	
Year	Amount
2023	\$ 34
2024	51
2025	51
2026	51
2027	51
Thereafter	1,007
Total	\$ 1,245

Contingent Payments Related to Business Acquisitions. In connection with certain acquisitions, BlackRock is required to make contingent payments, subject to achieving specified performance targets, which may include revenue related to acquired contracts or new capital commitments for certain products. The fair value of the remaining aggregate contingent payments at June 30, 2017 totaled \$218 million, including \$120 million related to the First Reserve Transaction, and is included in other liabilities on the condensed consolidated statement of financial condition.

Carried Interest Clawback. As a general partner in certain investment funds, including private equity partnerships and certain hedge funds, the Company may receive carried interest cash distributions from the partnerships in accordance with distribution provisions of the partnership agreements. The Company may, from time to time, be required to return all or a portion of such distributions to the limited partners in the event the limited partners do not achieve a return as specified in the various partnership agreements. Therefore, BlackRock records carried interest subject to such clawback provisions in Total Investments, or cash/cash of consolidated VIEs to the extent that it is distributed, and as a deferred carried interest liability/other liabilities of consolidated VIEs on its condensed consolidated statements of financial condition. Carried interest is recorded as performance fees on BlackRock's condensed consolidated statements of income upon the earlier of the termination of the investment fund or when the likelihood of clawback is considered mathematically improbable.

Indemnifications. On behalf of certain clients, the Company lends securities to highly rated banks and broker-dealers. In these securities lending transactions, the borrower is required to provide and maintain collateral at or above regulatory minimums. Securities on loan are marked to market daily to determine if the borrower is required to pledge additional collateral. BlackRock has issued certain indemnifications to certain securities lending clients against potential loss resulting from a borrower's failure to fulfill its obligations under the securities lending agreement should the value of the collateral pledged by the borrower at the time of default be insufficient to cover the borrower's obligation under the securities lending agreement. At June 30, 2017, the Company indemnified certain of its clients for their securities lending loan balances of approximately \$184.8 billion. The Company held, as agent, cash and securities totaling \$198.1 billion as collateral for indemnified securities on loan at June 30, 2017. The fair value of these indemnifications was not material at June 30, 2017.

While the collateral pledged by a borrower is intended to be sufficient to offset the borrower's obligations to return securities borrowed and any other amounts owing to the lender under the relevant securities lending agreement, in the event of a borrower default, the Company can give no assurance that the collateral pledged by the borrower will be sufficient to fulfill such obligations. If the amount of such pledged collateral is not sufficient to fulfill such obligations to a client for whom the Company has provided indemnification, BlackRock would be responsible for the amount of the shortfall. These indemnifications cover only the collateral shortfall described above, and do not in any way guarantee, assume or otherwise insure the investment performance or return of any cash collateral vehicle into which securities lending cash collateral is invested.

Critical Accounting Policies

The preparation of condensed consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the condensed consolidated financial statements and the reported amounts of revenue and expense during the reporting periods. Actual results could differ significantly from those estimates. Management considers the following critical accounting policies important to understanding the condensed consolidated financial statements. For a summary of these and additional accounting policies see Note 2, *Significant Accounting Policies*, in the condensed consolidated financial statements contained in Part I, Item 1 of this filing and *Critical Accounting Policies* in Management's Discussion and Analysis of Financial Condition and Results of Operations in the 2016 Form 10-K and Note 2, *Significant Accounting Policies*, in the 2016 Form 10-K for further information.

Consolidation. In the normal course of business, the Company is the manager of various types of sponsored investment vehicles. The Company performs an analysis for investment products to determine if the product is a VIE or a VRE. Assessing whether an entity is a VIE or a VRE involves judgment and analysis. Factors considered in this assessment include the entity's legal organization, the entity's capital structure and equity ownership, and any related party or de facto agent implications of the Company's involvement with the entity. Investments that are determined to be VREs are consolidated if the Company can exert control over the financial and operating policies of the investee, which generally exists if there is greater than 50% voting interest. See Note 4, *Consolidated Voting Rights Entities*, in the notes to the condensed consolidated financial statements for more information. Investments that are determined to be VIEs are consolidated if the Company is the primary beneficiary ("PB") of the entity.

At June 30, 2017, BlackRock was determined to be the PB for certain investment funds that were determined to be VIEs, which required BlackRock to consolidate them. BlackRock was deemed to be the PB because it has the power to direct the activities that most significantly impact the entities' economic performance and has the obligation to absorb losses or the right to receive benefits that potentially could be significant to the VIE. The Company generally consolidates VIEs in which it holds an equity ownership interest of 10% or greater and deconsolidates such VIEs once equity ownership falls below 10%. See Note 5, *Variable Interest Entities*, in the notes to the condensed consolidated financial statements for more information.

Fair Value Measurements. The Company's assessment of the significance of a particular input to the fair value measurement according to the fair value hierarchy (i.e., Level 1, 2 and 3 inputs, as defined) in its entirety requires judgment and considers factors specific to the financial instrument. See Note 2, *Significant Accounting Policies*, in the condensed consolidated financial statements for more information on fair value measurements.

Investment Advisory Performance Fees / Carried Interest. The Company receives investment advisory performance fees or incentive allocations, from certain actively managed investment funds and certain separately managed accounts. These performance fees are dependent upon exceeding specified relative or absolute investment return thresholds. Such fees are recorded upon completion of the measurement period, which varies by product or account, and could be monthly, quarterly, annually or longer.

In addition, the Company is allocated carried interest from certain alternative investment products upon exceeding performance thresholds. BlackRock may be required to reverse/return all, or part, of such carried interest allocations depending upon future performance of these funds. Therefore, BlackRock records carried interest subject to such clawback provisions in Total Investments, or cash/cash of consolidated VIEs to the extent that it is distributed, on its condensed consolidated statements of financial condition. Carried interest is recorded as performance fee revenue upon the earlier of the termination of the investment fund or when the likelihood of clawback is considered mathematically improbable.

The Company records a deferred carried interest liability to the extent it receives cash or capital allocations related to carried interest prior to meeting the revenue recognition criteria. At June 30, 2017 and December 31, 2016, the Company had \$280 million and \$152 million, respectively, of deferred carried interest recorded in other liabilities/other liabilities of consolidated VIEs on the condensed consolidated statements of financial condition. A portion of the deferred carried interest liability will be paid to certain employees. The ultimate timing of the recognition of performance fee revenue, if any, for these products is unknown.

The following table presents changes in the deferred carried interest liability (including the portion related to consolidated VIEs) for the three and six months ended June 30, 2017 and 2016:

<i>(in millions)</i>	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2017	2016	2017	2016
Beginning balance	\$ 151	\$ 137	\$ 152	\$ 143
Net increase (decrease) in unrealized allocations	20	5	29	(1)
Performance fee revenue recognized	(2)	(11)	(12)	(11)
Acquisition	111	—	111	—
Ending balance	<u>\$ 280</u>	<u>\$ 131</u>	<u>\$ 280</u>	<u>\$ 131</u>

Accounting Developments

For accounting pronouncements that the Company adopted during the six months ended June 30, 2017 and for recent accounting pronouncements not yet adopted, see Note 2, *Significant Accounting Policies*, in the condensed consolidated financial statements contained in Part I, Items 1 of this filing.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

AUM Market Price Risk. BlackRock's investment advisory and administration fees are primarily comprised of fees based on a percentage of the value of AUM and, in some cases, performance fees expressed as a percentage of the returns realized on AUM. At June 30, 2017, the majority of the Company's investment advisory and administration fees were based on average or period end AUM of the applicable investment funds or separate accounts. Movements in equity market prices, interest rates/credit spreads, foreign exchange rates or all three could cause the value of AUM to decline, which would result in lower investment advisory and administration fees.

Corporate Investments Portfolio Risks. As a leading investment management firm, BlackRock devotes significant resources across all of its operations to identifying, measuring, monitoring, managing and analyzing market and operating risks, including the management and oversight of its own investment portfolio. The Board of Directors of the Company has adopted guidelines for the review of investments to be made by the Company, requiring, among other things, that investments be reviewed by certain senior officers of the Company, and that certain investments may be referred to the Audit Committee or the Board of Directors, depending on the circumstances, for approval.

In the normal course of its business, BlackRock is exposed to equity market price risk, interest rate/credit spread risk and foreign exchange rate risk associated with its corporate investments.

BlackRock has investments primarily in sponsored investment products that invest in a variety of asset classes, including real assets, private equity and hedge funds. Investments generally are made for co-investment purposes, to establish a performance track record, to hedge exposure to certain deferred compensation plans or for regulatory purposes. Currently, the Company has a seed capital hedging program in which it enters into swaps to hedge market and interest rate exposure to certain investments. At June 30, 2017, the Company had outstanding total return swaps with an aggregate notional value of approximately \$588 million. At June 30, 2017, there were no outstanding interest rate swaps.

At June 30, 2017, approximately \$1.7 billion of BlackRock's Total Investments were maintained in consolidated sponsored investment funds accounted for as VREs and VIEs. Excluding the impact of the Federal Reserve Bank stock, carried interest, investments made to hedge exposure to certain deferred compensation plans and certain investments that are hedged via the seed capital hedging program, the Company's economic exposure to its investment portfolio is \$1,941 million. See *Balance Sheet Overview- Investments and Investments of Consolidated VIEs* in Management's Discussion and Analysis of Financial Condition and Results of Operations for further information on the Company's Total Investments.

Equity Market Price Risk. At June 30, 2017, the Company's net exposure to equity market price risk in its investment portfolio was approximately \$757 million of the Company's total economic investment exposure. Investments subject to market price risk include private equity and real assets investments, hedge funds and funds of funds as well as mutual funds. The Company estimates that a hypothetical 10% adverse change in market prices would result in a decrease of approximately \$75.7 million in the carrying value of such investments.

Interest Rate/Credit Spread Risk. At June 30, 2017, the Company was exposed to interest-rate risk and credit spread risk as a result of approximately \$1,184 million of Total Investments in debt securities and sponsored investment products that invest primarily in debt securities. Management considered a hypothetical 100 basis point fluctuation in interest rates or credit spreads and estimates that the impact of such a fluctuation on these investments, in the aggregate, would result in a decrease, or increase, of approximately \$20.7 million in the carrying value of such investments.

Foreign Exchange Rate Risk. As discussed above, the Company invests in sponsored investment products that invest in a variety of asset classes. The carrying value of the total economic investment exposure denominated in foreign currencies, primarily the British pound and Euro, was \$391 million at June 30, 2017. A 10% adverse change in the applicable foreign exchange rates would result in approximately a \$39.1 million decline in the carrying value of such investments.

Other Market Risks. The Company executes forward foreign currency exchange contracts to mitigate the risk of certain foreign exchange risk movements. At June 30, 2017, the Company had outstanding forward foreign currency exchange contracts with an aggregate notional value of approximately \$1.2 billion.

Item 4. Controls and Procedures

Disclosure Controls and Procedures. Under the direction of BlackRock's Chief Executive Officer and Chief Financial Officer, BlackRock evaluated the effectiveness of its disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Exchange Act) as of the end of the period covered by this quarterly report on Form 10-Q. Based on this evaluation, BlackRock's Chief Executive Officer and Chief Financial Officer have concluded that BlackRock's disclosure controls and procedures were effective.

Internal Control over Financial Reporting. There were no changes in our internal control over financial reporting that occurred during the quarter ended June 30, 2017 that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

From time to time, BlackRock receives subpoenas or other requests for information from various U.S. federal, state governmental and domestic and international regulatory authorities in connection with certain industry-wide or other investigations or proceedings. It is BlackRock's policy to cooperate fully with such inquiries. The Company and certain of its subsidiaries have been named as defendants in various legal actions, including arbitrations and other litigation arising in connection with BlackRock's activities. Additionally, BlackRock advised investment portfolios may be subject to lawsuits, any of which potentially could harm the investment returns of the applicable portfolio or result in the Company being liable to the portfolios for any resulting damages.

On May 27, 2014, certain purported investors in the BlackRock Global Allocation Fund, Inc. and the BlackRock Equity Dividend Fund (collectively, the "Funds") filed a consolidated complaint (the "Consolidated Complaint") in the U.S. District Court for the District of New Jersey against BlackRock Advisors, LLC, BlackRock Investment Management, LLC and BlackRock International Limited under the caption *In re BlackRock Mutual Funds Advisory Fee Litigation*. The Consolidated Complaint, which purports to be brought derivatively on behalf of the Funds, alleges that the defendants violated Section 36(b) of the Investment Company Act by receiving allegedly excessive investment advisory fees from the Funds. On February 24, 2015, the same plaintiffs filed another complaint in the same court against BlackRock Investment Management, LLC and BlackRock Advisors, LLC. The allegations and legal claims in both complaints are substantially similar, with the new complaint purporting to challenge fees received by defendants after the plaintiffs filed their prior complaint. Both complaints seek, among other things, to recover on behalf of the Funds all allegedly excessive advisory fees received by defendants in the twelve month period preceding the start of each lawsuit, along with purported lost investment returns on those amounts, plus interest. On March 25, 2015, defendants' motion to dismiss the Consolidated Complaint was denied. The defendants believe the claims in both lawsuits are without merit and intend to vigorously defend the actions.

Between November 12, 2015 and November 16, 2015, BlackRock, Inc., BlackRock Realty Advisors, Inc. ("BRA"), BlackRock US Core Property Fund, Inc. (formerly known as BlackRock Granite Property Fund, Inc.) ("Granite Fund"), and certain other Granite Fund related entities (collectively, the "BlackRock Parties") were named as defendants in thirteen lawsuits filed in the Superior Court of the State of California for the County of Alameda arising out of the June 16, 2015 collapse of a balcony at the Library Gardens apartment complex in Berkeley, California (the "Property"). The Property is indirectly owned by the Granite Fund, which is managed by BRA. The plaintiffs also named as defendants in the lawsuits Greystar, which manages the Property, and certain other non-BlackRock related entities, including the developer of the Property, building contractors and building materials suppliers. The plaintiffs allege, among other things, that the BlackRock Parties were negligent in their ownership, control and maintenance of the Property's balcony, and seek monetary, including punitive, damages. Additionally, on March 16, 2016, three former tenants of the Library Gardens apartment unit that experienced the balcony collapse sued the BlackRock Parties. The former tenants, who witnessed (but were not physically injured in) the accident make allegations virtually identical to those in the other previously filed actions and claim that, as a result of the collapse, they suffered unspecified emotional damage. Several defendants also filed cross-complaints alleging a variety of claims, including claims against the BlackRock Parties for contribution, negligence, and declaratory relief. BlackRock believes the claims against the BlackRock Parties are without merit and intends to vigorously defend the actions.

On June 16, 2016, *iShares* Trust, BlackRock, Inc. and certain of its advisory affiliates, and the directors and certain officers of the *iShares* ETFs were named as defendants in a purported class action lawsuit filed in California state court. The lawsuit was filed by investors in certain *iShares* ETFs (the "ETFs"), and alleges the defendants violated the federal securities laws, purportedly by failing to adequately disclose in prospectuses issued by the ETFs the risks to the ETFs' shareholders in the event of a "flash crash." Plaintiffs seek unspecified monetary damages. The Plaintiffs' complaint was dismissed in December 2016 and on January 6, 2017, plaintiffs filed an amended complaint. The defendants filed a motion for judgment on the pleadings dismissing that complaint. On April 27, 2017, the court granted the defendants' motion in part and denied it in part. The defendants believe the claims in this lawsuit are without merit and intend to vigorously defend the action.

On April 5, 2017, BlackRock, Inc., BlackRock Institutional Trust Company, N.A., the BlackRock, Inc. Retirement Committee and various sub-committees, and a BlackRock employee were named as defendants in a purported class action lawsuit brought in the U.S. District Court for the Northern District of California by a former employee on behalf of all BlackRock employee 401(k) Plan (the "Plan") participants and beneficiaries in the Plan from April 5, 2011, to the

present. The lawsuit generally alleges that the defendants breached their duties towards Plan participants in violation of the Employee Retirement Income Security Act of 1974 by, among other things, offering investment options that were overly expensive, underperformed peer funds, focused disproportionately on active versus passive strategies, and were unduly concentrated with investment options managed by BlackRock. While the complaint does not contain any specific amount in alleged damages, it claims that the purported underperformance and hidden fees cost Plan participants more than \$60 million. The defendants believe the claims in this lawsuit are without merit and intend to vigorously defend the action.

Management, after consultation with legal counsel, currently does not anticipate that the aggregate liability arising out of regulatory matters or lawsuits will have a material effect on BlackRock's results of operations, financial position, or cash flows. However, there is no assurance as to whether any such pending or threatened matters will have a material effect on BlackRock's results of operations, financial position or cash flows in any future reporting period. Due to uncertainties surrounding the outcome of these matters, management cannot reasonably estimate the possible loss or range of loss that may arise from these matters.

Item 7 Private Fund Reporting

Yes No

B. Are you an adviser to any *private fund*?

If "yes," then for each private fund that you advise, you must complete a Section 7.B.(1) of Schedule D, except in certain circumstances described in the next sentence and in Instruction 6 of the Instructions to Part 1A. If another adviser reports this information with respect to any such private fund in Section 7.B.(1) of Schedule D of its Form ADV (e.g., if you are a subadviser), do not complete Section 7.B.(1) of Schedule D with respect to that private fund. You must, instead, complete Section 7.B.(2) of Schedule D.

Item 11 Disclosure Information

In this Item, we ask for information about your disciplinary history and the disciplinary history of all your *advisory affiliates*. We use this information to determine whether to grant your application for registration, to decide whether to revoke your registration or to place limitations on your activities as an investment adviser, and to identify potential problem areas to focus on during our on-site examinations. One event may result in "yes" answers to more than one of the questions below.

Your *advisory affiliates* are: (1) all of your current *employees* (other than *employees* performing only clerical, administrative, support or similar functions); (2) all of your officers, partners, or directors (or any *person* performing similar functions); and (3) all *persons* directly or indirectly *controlling* you or *controlled* by you. If you are a "separately identifiable department or division" (SID) of a bank, see the Glossary of Terms to determine who your *advisory affiliates* are.

If you are registered or registering with the SEC or if you are an exempt reporting adviser, you may limit your disclosure of any event listed in Item 11 to ten years following the date of the event. If you are registered or registering with a state, you must respond to the questions as posed; you may, therefore, limit your disclosure to ten years following the date of an event only in responding to Items 11.A.(1), 11.A.(2), 11.B.(1), 11.B.(2), 11.D.(4), and 11.H.(1)(a). For purposes of calculating this ten-year period, the date of an event is the date the final order, judgment, or decree was entered, or the date any rights of appeal from preliminary orders, judgments, or decrees lapsed.

You must complete the appropriate Disclosure Reporting Page ("DRP") for "yes" answers to the questions in this Item 11.

Answer this Item 12 only if you are registered or registering with the SEC **and** you indicated in response to Item 5.F.(2)(c) that you have regulatory assets under management of less than \$25 million. - *Control* means the power to direct or cause the direction of the management or policies of a *person*, whether through ownership of securities, by contract, or otherwise. Any *person* that directly or indirectly has the right to vote 25 percent or more of the voting securities, or is entitled to 25 percent or more of the profits, of another *person* is presumed to *control* the other *person*.

Indirect Owners

- Complete Schedule B only if you are submitting an initial application. Schedule B asks for information about your indirect owners; you must first complete Schedule A, which asks for information about your direct owners. Use Schedule C to amend this information.
- Indirect Owners. With respect to each owner listed on Schedule A (except individual owners), list below:
 - in the case of an owner that is a corporation, each of its shareholders that beneficially owns, has the right to vote, or has the power to sell or direct the sale of, 25% or more of a class of a voting security of that corporation;

For purposes of this Schedule, a *person* beneficially owns any securities: (i) owned by his/her child, stepchild, grandchild, parent, stepparent, grandparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, sharing the same residence; or (ii) that he/she has the right to acquire, within 60 days, through the exercise of any option, warrant, or right to purchase the security.
 - in the case of an owner that is a partnership, all general partners and those limited and special partners that have the right to receive upon dissolution, or have contributed, 25% or more of the partnership's capital;
 - in the case of an owner that is a trust, the trust and each trustee; and
 - in the case of an owner that is a limited liability company ("LLC"), (i) those members that have the right to receive upon dissolution, or have contributed, 25% or more of the LLC's capital, and (ii) if managed by elected managers, all elected managers.
- Continue up the chain of ownership listing all 25% owners at each level. Once a public reporting company (a company subject to Sections 12 or 15(d) of the Exchange Act) is reached, no further ownership information need be given.
- In the DE/FE/I column below, enter "DE" if the owner is a domestic entity, "FE" if the owner is an entity incorporated or domiciled in a foreign country, or "I" if the owner is an individual.
- Complete the Status column by entering the owner's status as partner, trustee, elected manager, shareholder, or member; and for shareholders or members, the class of securities owned (if more than one is issued).
- Ownership codes are: C - 25% but less than 50% E - 75% or more
D - 50% but less than 75% F - Other (general partner, trustee, or elected manager)
- In the *Control Person* column, enter "Yes" if the *person* has *control* as defined in the Glossary of Terms to Form ADV, and enter "No" if the *person* does not have *control*. Note that under this definition, most executive officers and all 25% owners, general partners, elected managers, and trustees are *control persons*.
